

# Ayush Kumar

Bengaluru, 560064 | +91 9431047907 | 9ayushkr@gmail.com | [LinkedIn](#) | [GitHub](#)

## OBJECTIVE

---

Motivated Computer Science undergraduate with hands-on experience building production web applications for real clients. Proficient in Java, Python, JavaScript, and SQL, with a passion for creating technology-driven solutions that serve communities and make a meaningful impact. Eager to collaborate on challenging projects and grow as a full-stack developer.

## EDUCATION

---

**Nitte Meenakshi Institute of Technology** — B.E. Computer Science Engineering | Sep 2024 – Aug 2028  
CGPA 7.5 / 10

**Swarajya Senior Secondary High School, Patna** — NWAC Class XII | 86% Pass Year 2024

**B.D Public School, Patna** — CBSE Class X | 83% Pass Year 2021

## EXPERIENCE

---

**Web Developer – Ashirvad Healthcare** Sep 2025 – Apr 2026

- Patient Referral Platform — React.js, Node.js, PostgreSQL, WebSockets, AWS | Built a live real-time referral coordination system between hospitals, featuring JWT authentication, REST APIs, and Cloudinary-based document uploads; currently deployed on the hospital's public website.
- Hospital Main Website — React.js, Tailwind CSS, Node.js | Designed and developed the official public-facing hospital website with SEO optimisation including meta tags and structured data; live and in active use.

**Team Manager – ClipCraft (Video Editing Agency)** Feb 2024 – Present

- Managing end-to-end team operations, project timelines, and client coordination for a video editing agency serving content creators across platforms.

**Facilitator – Google Arcade Program** Apr 2025 – Present

- Guiding participants through Google Cloud skill challenges, tracking progress, and supporting completion goals across the program cohort.
